

Workers, voice

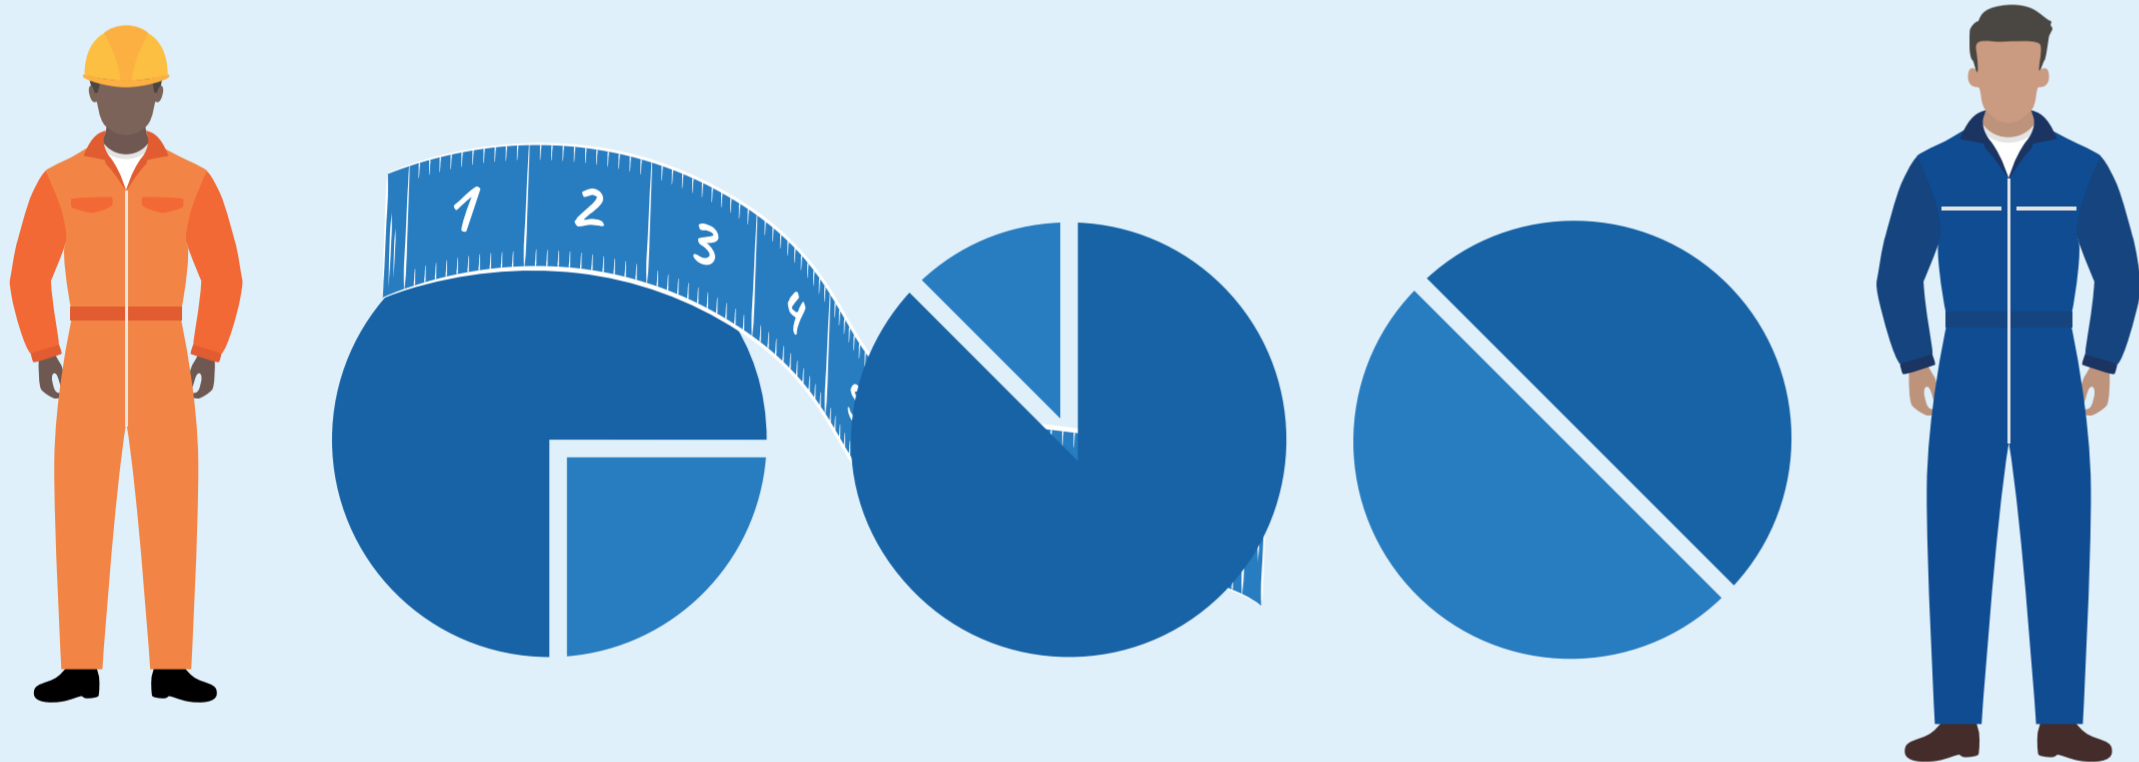

Know Your Union

The General Trade Union of Workers in Textile, Garment and Clothing Industries in Jordan is a permanent organization established by workers to defend their interests. It is independent, voluntary and democratic. Since its establishment in 1954, it has been working to develop benefits and protect rights of its members.

The Union is your voice at work, your second home and your safe resort

The Union works to achieve a better life for workers of the textile sector, raise their living standard, increase production efficiency, support democratic approach and protect trade union rights and freedoms. Further, the Union works to protect the legitimate rights of members, defend their interests, raise union awareness among them, improve their health, cultural and economic level of members, and represent workers of all nationalities without any discrimination.

Our fellow workers, please visit the Union's office located in your area or communicate with the Union's representatives in all governorates. Get to know your colleagues who are there, tell them your problem if any, give your suggestions, and share your ideas with us. The Union's office is your second home, we are there to support you and solve your problems.

Your union is your labor voice. It believes that all workers in Jordan, migrants and Jordanians, have equal rights without discrimination between them in entitlements, wages, vacations and other rights
